Our Mission

CSB is committed to teaching classical ballet that progresses constructively throughout each phase of physical, emotional and intellectual development, to the result of enriching the individual with technical ability, artistic expression and appreciation of the arts.

“As a ten-year Broadway veteran I had high standards when searching for a ballet school for my daughter.

I couldn’t be happier that I found Classical School of Ballet LI.”

-

Mike Cannon
Broadway’s Aladdin

Dear Parents, Students, Guests & Visitors,

I invite you to join us this Summer at Classical School of Ballet LI!

Summer programs at Classical School of Ballet (CSB) are designed to hone skills, foster imagination and inspire a love for ballet as an art form.

Classes are led by gifted instructors who specialize in teaching dance to aspiring students of all ages and levels of study.

No matter, if dance is studied for personal fulfillment, physicality or to pursue a professional career, it is my wish that each of our students take from our program learned life-long skills and treasured memories.

I look forward to welcoming you this summer!

Carolyn Zettel-Augustyn,
Director

Our Curriculum

Our students train in the American Ballet Theatre National Training Curriculum.
